Features

- Fast spreading and swiftly absorbs.
- Solubilizing other cosmetics components: Enhance the solubility of UV filters.
- Providing a light, non-greasy, smooth, and velvety sensation to the skin.
- Substitute for high volatile silicone oil, such as Cyclopentasiloxane.

Applications

- Color cosmetics
- Sun care
- Skin care
- Hair care

Naturaz CC 224

Specification

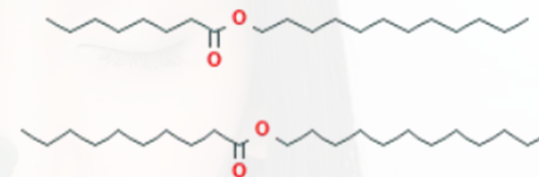

- Appearance : Light yellow liquid
- Solubility : Insoluble in water
- Recommended dosage : 5.0% - 20.0%
- Packaging : 180kg drum
- Origin : 100% Natural

Skin Care application: Naturaz® CC 224 versatility extends to applications in foundation, sunscreens, facial moisturizers, serums, and more.

Hair Care application: Naturaz® CC 224 usage spans across hair colors, bleaches, and more. It delivers outstanding moisture and shine, leaving hair with a soft and silky finish.

Chemical Structure

Coco-Caprylate/Caprate
