

# SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

Naturaz GC 241

---

## **SECTION 1: CHEMICAL PRODUCT AND COMPANY IDENTIFICATION**

|               |                |
|---------------|----------------|
| Product name: | Naturaz GC 241 |
| INCI name:    | Tricaproin     |
| CAS number:   | 621-70-5       |

### **Relevant identified uses of the substance and uses advised against**

|                       |                |
|-----------------------|----------------|
| Identified uses:      | Industrial use |
| Uses advised against: | None known     |

### **Details of the supplier of the safety data sheet**

|                           |                                                                                                                             |
|---------------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Manufacturer/Supplier:    | CIDOLS SDN BHD                                                                                                              |
| Address:                  | No 37, Jalan Selat Selatan 7/KS5, Taman Perindustrian Sobena<br>Jaya Pandamaran, 42000 Pelabuhan Klang, Selangor, Malaysia. |
| Emergency Contact number: | +603 31631679                                                                                                               |
| Website:                  | www.cidols.com                                                                                                              |

---

## **SECTION 2: Hazards Identification**

|                            |                 |
|----------------------------|-----------------|
| Hazard classification:     | Not classified  |
| Human Health Hazards       |                 |
| Skin contact:              | None identified |
| Eye contact:               | None identified |
| Ingestion:                 | None identified |
| Physical/Chemical Hazards: | None identified |
| Environmental Hazards:     | None identified |

---

## **SECTION 3: Composition/information on ingredients**

|            |                    |        |
|------------|--------------------|--------|
| Name       | Product identifier | %      |
| Tricaproin | CAS-No: 621-70-5   | <= 100 |

---

## **SECTION 4: First aid measures**

|                 |                                                                    |
|-----------------|--------------------------------------------------------------------|
| General Advice: | If you feel unwell, seek medical advice.                           |
| Skin Contact:   | Wash with soap and water. Get medical attention if symptoms occur. |

# SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

## Naturaz GC 241

|                                                             |                                                                                      |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------|
| Eye Contact:                                                | Wash out immediately with water. Get medical attention if symptoms persist.          |
| Inhalation:                                                 | Move to fresh air. Treat symptomatically. Get medical attention if symptoms persist. |
| Ingestion:                                                  | Rinse mouth with water                                                               |
| Most important symptoms and effects, both acute and delayed | No known chronic or acute health risks                                               |

### Indication of any immediate medical attention and special treatment needed

|            |                       |
|------------|-----------------------|
| Hazards:   | None known            |
| Treatment: | Treat symptomatically |

---

## **SECTION 5: Firefighting measures**

|                       |            |
|-----------------------|------------|
| General fire hazards: | None known |
|-----------------------|------------|

### **Extinguishing media**

|                                                        |                                                                                                                   |
|--------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| Suitable extinguish media:                             | AFFF foam. BC powder. Carbon dioxide. Dry sand. Dry chemical powder. Adapt extinguishing media to the environment |
| Unsuitable extinguishing media                         | Solid water jet                                                                                                   |
| Special hazards arising from the substance or mixture: | None known                                                                                                        |

### **Advice for firefighters**

|                                                 |                                                                                                      |
|-------------------------------------------------|------------------------------------------------------------------------------------------------------|
| Precautionary measures fire:                    | Exposure to fire/heat keep unwind. Exposure to fire/heat: have neighbourhood close doors and windows |
| Special fire fighting procedures:               | None known                                                                                           |
| Special protective equipment for fire-fighters: | Self-contained breathing apparatus and full protective clothing must be worn in case of fire         |

# SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

Naturaz GC 241

## **SECTION 6: Accidental release measures**

|                                                                      |                                                                                                                                                                                   |
|----------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General measures:                                                    | Mark the danger area. Exposure to heat: have neighbourhood close doors and windows. Exposure to fire/heat: consider evacuation. Wash contaminated clothes.                        |
| Personal precautions, protective equipment and emergency procedures: | Wear appropriate personal protective equipment                                                                                                                                    |
| Environmental precautions:                                           | Prevent soil and water pollution                                                                                                                                                  |
| Methods for cleaning up:                                             | Clean contaminated surfaces with an excess of water and soap solution. Take up liquid spill into inert absorbent material, e.g.: dry sand/earth/vermiculite or powdered limestone |
| Notification procedures:                                             | In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations                                                          |

---

## **SECTION 7: Handling and storage**

|                               |                                                                                                                                                                                                 |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Precaution for safe handling: | Keep container tightly closed in a dry and well-ventilated place. Store at room temperature in the original container. Keep away from naked flames/heat. Keep away from ignition sources/sparks |
| Handling temperature:         | $\geq 10^{\circ}\text{C}$ above melting point                                                                                                                                                   |

### **Conditions for safe storage, including any incompatibilities**

|                               |                                                                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------------------------------------------------------|
| Heat and ignition sources:    | KEEP SUBSTANCE AWAY FROM: heat sources                                                                                            |
| Information on mixed storage: | KEEP SUBSTANCE AWAY FROM: ignition sources, (strong) acids, (strong) bases.                                                       |
| Storage area:                 | Keep container in a well-ventilated place. Store at ambient temperature. Keep out of direct sunlight. Meet the legal requirements |
| Special rules on packaging:   | Closed, correctly labelled, meet the legal requirements                                                                           |
| Packaging materials:          | No supplementary information available                                                                                            |

---

## **SECTION 8: Exposure controls/personal protection**

### **Control parameters**

|                               |                                                                                                      |
|-------------------------------|------------------------------------------------------------------------------------------------------|
| Occupational exposure limits: | Country specific exposure limits have not been established or are not applicable unless listed below |
|-------------------------------|------------------------------------------------------------------------------------------------------|

# SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

## Naturaz GC 241

### Exposure controls

|                                    |                                                          |
|------------------------------------|----------------------------------------------------------|
| Personal protective equipment:     | Gloves. Protective clothing. Safety glasses              |
| Materials for protective clothing: | Give good resistance: nitrile rubber                     |
| Hand protection:                   | Gloves                                                   |
| Eye protection:                    | Not required for normal conditions of use                |
| Skin and body protection:          | Protective clothing                                      |
| Respiratory protection:            | Respiratory protection not required in normal conditions |

## SECTION 9: Physical and chemical properties

### Information on basic physical and chemical properties

|                                |                                    |
|--------------------------------|------------------------------------|
| Physical state:                | Liquid                             |
| Appearance (room temperature): | Clear Liquid                       |
| Colour:                        | Colourless to yellow               |
| Odour:                         | Almost odourless                   |
| Odour threshold:               | No data available                  |
| pH:                            | No data available                  |
| Flash point:                   | > 200°C (ASTM D92)                 |
| Decomposition temperature:     | No data available                  |
| Flammability (solid, gas):     | No data available                  |
| Density:                       | ca. 946.4 kg/m <sup>3</sup> (20°C) |
| Solubility:                    | No data available                  |
| Melting point:                 | No data available                  |
| Boiling point:                 | >250°C                             |
| Auto-ignition temperature:     | > 300°C                            |
| Log Pow                        | > 5                                |
| Explosive properties:          | No data available                  |
| Oxidising properties:          | No data available                  |
| Explosive limits:              | No data available                  |

## SECTION 10: Stability and reactivity

|                     |                                                         |
|---------------------|---------------------------------------------------------|
| Chemical stability: | Stable under normal conditions                          |
| Materials to avoid: |                                                         |
| Reactivity:         | On burning release of (carbon monoxide- carbon dioxide) |

# SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

## Naturaz GC 241

|                                   |                   |
|-----------------------------------|-------------------|
| Conditions to avoid:              | No data available |
| Hazardous decomposition products: | No data available |
| Hazardous polymerization:         | Will not occur    |
| Hazardous reactions:              | None              |

---

### **SECTION 11: Toxicological information**

|                                    |                |
|------------------------------------|----------------|
| Acute toxicity:                    | Not classified |
| Skin corrosion/irritation:         | Not classified |
| Serious eye damage/irritation:     | Not classified |
| Respiratory or skin sensitisation: | Not classified |
| Germ cell mutagenicity:            | Not classified |
| Carcinogenicity:                   | Not classified |
| Reproductive toxicity:             | Not classified |
| STOT-single exposure:              | Not classified |
| STOT-repeated exposure:            | Not classified |
| Aspiration hazard:                 | Not classified |

---

### **SECTION 12: Ecological information**

|                                                    |                                                                  |
|----------------------------------------------------|------------------------------------------------------------------|
| Ecotoxicity:                                       | No data available                                                |
| BOD5 and COD:                                      | No data available                                                |
| Products of biodegradation:                        | Possibly hazardous short term degradation product are not likely |
| Toxicity of products of Biodegradation:            | No data available                                                |
| Special remarks on the products of biodegradation: | No data available                                                |

---

### **SECTION 13: Disposal considerations**

|                         |                                              |
|-------------------------|----------------------------------------------|
| Methods of disposal:    | Re-use/recycling of waste highly recommended |
| Contaminated packaging: | Observe local regulations                    |

---

### **SECTION 14: Transport information**

|                                                  |                     |
|--------------------------------------------------|---------------------|
| DOT:                                             | Class not regulated |
| IMDG-International Maritime Dangerous Good Code: | Class not regulated |
| IATA:                                            | Class not regulated |

# SAFETY DATA SHEET

According to 1907/2006/EC, Article 31

Naturaz GC 241

---

## **SECTION 15: Regulation information**

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

EU regulation: No data available

National regulation: No data available

---

## **SECTION 16: Other information**
